PURPOSE OF SPONSORSHIP: Joel is an intelligent boy. His father is working in a private school as a teacher and mother also working in a primary school. The salary they get is very nominal and they are travelling from Hubli to Dharwad. Most of the income goes for travelling and they don't have any other source of income.

RECOMMENDATION: The parents are unable to maintain the family and the education of the children. Therefore, I recommend this case for financial aid.
